

How to run the Chrysler FS:

1. General Ledger – Reports – Chrysler Financial Statement. Click Print.
2. Fill in the appropriate date. You will not need to fill out Statement No. or Company. Check the appropriate check boxes depending on if you want to Print the statement, pull it up on your screen (Leave Excel Running) or Send to Factory.

The screenshot shows a dialog box titled "Chrysler Financial Statement". It has a tab labeled "Options". The fields and checkboxes are as follows:

Beginning Date	<input type="text" value="10/10/09"/>
Statement No.	<input type="text"/>
Company	<input type="text"/>
Print Statement	<input checked="" type="checkbox"/>
Print Graphs.	<input type="checkbox"/>
Leave Excel Running. . .	<input checked="" type="checkbox"/>
Send to DealerConnect . .	<input type="checkbox"/>
Run as Fiscal Year	<input type="checkbox"/>

At the bottom of the dialog box are three buttons: "OK", "Cancel", and "Help".

3. Excel will open with the statement. If everything looks ok, then we can send it to Chrysler by checking the Send to DealerConnect check box. This is where all the error checking occurs.
4. Once the statement is sent, you will need to login to DealerConnect. After you are logged in go to My Dealership at the top of the screen.

5. Then click on Financial Statement Entry.

The screenshot shows the Chrysler DealerCONNECT website interface. At the top, there is a navigation bar with the Chrysler logo and 'DealerCONNECT' text. To the right of the logo are links for 'eMail', 'eFiles', and 'CF Contr'. Below the logo is a secondary navigation bar with 'Home', 'Sales', and 'Service' links. The main content area is titled 'My Dealership Home' and contains three main sections: 'Administration', 'Reports and Information', and 'Business Management'. The 'Administration' section has links for 'My Personnel', 'Motorplace - Lead Manager', and 'My Operations'. The 'Reports and Information' section includes a message about providing feedback via the 'Dealer Scorecard Assessment' link, a link to 'CPS Frequently Asked Questions', and a list of reports: 'Dealer Scorecard', 'Dealer Scorecard Assessment', 'Customer Promoter Score (CPS)', 'CPS Presentation', 'SVS Retail Aging Report', 'SVS Monthly Retail Vehicle Report', and 'Dealer-Owner Life Insurance'. The 'Business Management' section has links for 'Financial Statement Entry' and 'Financial Statement Reports'. An arrow points to the 'Financial Statement Entry' link.
